Programs and Services > Events

Description

As a manager of the website, I want to be able to display upcoming events, to increase the publicity of them and increase the number of people who come.

As a client, I want to be able to view upcoming events to support the charity that helped my child.

Programs and Services > What we do

Description

As a parent/client, I would like to be shown additional resources, so that I can further help my child in between sessions.
